## Full-Automatic Ultrasonic Bouffant Cap Machine (SE-GW3320)

We, SHEETAL ENTERPRISES, are manufacturer of welded products using Ultrasonic Welding Machine, Cutting Machine, Drilling Machine & Continuous Ultrasonic Welding Machines. Having been associated with our parent company in Germany & Taiwan. we have 30 years of experience in plastic welding technology. We have been developing and manufacturing high-performance ultrasonic welding machines.

In Ultrasonic Welding Technology, we hold the expertise in industrial and technical plastic components for Automobile, Medical, Pharmaceuticals, Engineering and other industries. We have developed number of products for various clients. We carry out different jobs that include Supply of Machines, Installation and Commissioning, Design and development of tooling/horns, Training of Operators/manpower, Maintenance of Equipment and trouble shooting (for a minimum period of one year) and any other related technical service if required.

## Technical Data

Model	SE-GW3320
Brand	Sheetal Sonic
Technology	Ultrasonic
Accuracy	Good
Efficiency	Excellence
Voltage	220V 50/60hz
Frequency	20KHZ
Weight	800KG
Power (kw)	4KW
Dimensions	3500x1000x1350mm
Productivity	40-55Pcs/MIN
Air Pressure	4-6KG/cm2
Ultrasonic Set	3

## Functions and Features

- This automatic machinery is specialized in producing bouffant cap, the production process is fully automatic in once-through shape without human intervention, eliminating the possible of contamination in the product process.
- This bouffant cap machine adopts the ultrasonic operating principle with automatic tension control, wireless sewing, no pinhole and broken stitching, the products can reach the water tightness standard and meet the needs of isolation and hygiene.
- The fully automatic bouffant cap machine with aluminum frame, beauty appearance but no rust with touch screen controls, importing the brake motors with low noise.
- Small size, does not occupy space; high reliability, superior performance; high efficiency to save labor.
- With advanced welding technology, products are soft and comfortable.
- Delta touch screen control system, operating simple but intuitive.
- Folding roll with plastic material, no rust, pollution-free to the products.
- Once-through shape, automatic discharging, Length 19 inch, 21 inch, 23 inch adjustable.
- Change the welding roller, cutting roller and transmission gear to produce different length cap.

## Machine Details

We provide free machine warranty for the first year from the time u buy them. If machine parts get wrong, talk online firstly to solve the problem. If it's not solved, we'll send the spare parts to u within 7 working days. If there are big problem with the machine caused by wrong operation. The engineer will go to your factory and solve the problem and all cost must be paid by clients. This making machine is suitable to make round, flat earloop and flat hollow earloop.
